

Messiah West Coast Fundraiser Script

Hi! This is _____ calling to talk to you about a summer camp my fellowship is hosting called Messiah West Coast. Messiah West Coast is an opportunity to learn about the Father and develop positive relationships with my peers. It's a safe place to share life's joys and discouragements with those who will hold me up in prayer, as I, in turn, hold them up in prayer. This is something that many in my generation has long forgotten. Messiah West Coast will be hosted this year in the California hills at Hartland Christian Camp. As most of these events have been put on hold due to COVID, we are grateful to have an opportunity to participate in this beautiful outdoor experience. Last year's camp included excellent Biblical teaching, ropes course, zip line, and swimming – just to name a few.

I am trying to raise money by selling t-shirts and a hundred percent of the profits will go towards my attendance. I am currently offering t-shirts with two different designs and three different color selections for adults and three different color selections for youth. The first design says, "United we stand, Divided we fall," and the second design says, "Faith over Fear." Which design sounds most appealing to you? How many shirts would you like me to pre-order for you? I will need the money before I submit the order which is on Monday, May 10. I can get the money the next time I see you.

Q: How much does it cost? **A: It costs only \$16 (there is an additional \$1 charge for a 2XL)**

Q: What colors are there? **A: For adults the colors are: Sport grey, indigo blue and antique cherry red and for youth the colors are bright aqua, athletic heather and candy pink.**

Q: How long will it take? **A: They will be printed in late May, but they will not be printed until I collect the money. I am just collecting a tally.**

Q: Do I pay now or do I pay when I get them? **A: I will need to collect the money before the shirts are printed in early March. I can pick that up from you the next time we meet up.**

Q: What is the material? **A: 100% cotton**

Q: I would really like to see the designs before I order them? **A: Sure! Can I text you a picture right now?**

Q: Are they shirts a normal-size fit, or do they run big/small? **A: They run pretty true to normal size. I'd suggest getting 1 size bigger, though, if you prefer. They are 100% cotton, so they'll shrink a little.**

About Payments: You can collect payments however you are comfortable. They will be sending the money **DIRECTLY TO YOU**, so if they want to make out a check, have them make it out to your parent (unless you already have an account.) Once all monies are collected, you will send your final tally sheet order form and **JUST THE COST OF THE SHIRTS** you are ordering to Chrissy Lopez for her to make the final tally sheet and order shirts. Once they are printed, she will get them to you, either by mail or schedule a pick-up (if you're somewhat local). **YOU** will pay the cost of shipping to you, and then you will deliver them to whomever has ordered. (That can be submitted to Chrissy Lopez after shipping has been arranged.) **YOU** are responsible for any mis-orders, so be sure to triple check your numbers before submitting them. Any questions, call or text Chrissy Lopez at (559) 827-8308.
